Directors' Review Report

The Board of Directors of UBL Fund Managers Limited is pleased to present to you the report of "Al-Ameen Islamic Retirement Savings Fund (AIRSF) for the quarter ended September 30, 2019.

Economy & Money Market Review – 1QFY'20.

During the 1QFY20, economic slowdown persists on account of stabilization measures taken by the government. During the period under review, SBP increased policy rate by 100bps to 13.25%. This decision was taken on account of inflationary pressures from currency devaluation and the expected increase in near-term inflation. The above restrictive measures resulted in contraction in LSM where 1MFY20 numbers witnessed a decline of 3.28% YoY, major shrinkage came from the Automobiles, Petroleum, Iron and Steel Products, Pharmaceutical, food, and Chemicals.

PBS also revised its CPI base year to 2015-16, under the revised methodology average monthly CPI inflation came at 10.1% as compared to 6.1% during SPLY, as hefty currency devaluation, higher utility prices and some fiscal measures in the current year budget ended into mounting price pressures. We expect inflationary pressures to remain elevated during the next few months, as second-round impact of the above fully seeps through the broader economy, before subsiding in 2HFY20.

On the external account side, current account has shown significant improvement, as CAD during 2MFY20 declined by 55%YoY to USD1.3bn mainly due to a 23% fall in imports. Further, due to healthy surplus on the financial account, the overall balance of payments position posted a surplus of USD1.2bn. We expect external account position to remain manageable during the rest of FY20, due to a contained current account deficit position and healthy flows in the financial account.

On the fiscal side, situations remained still challenging as the government missed the 1QFY20 revenue collection target of Rs1.07tn by over Rs100bn. However, this gap was filled by non-tax revenue collection including; PDL, telecom licenses, and SBP profit along with restrictive growth in expenses and hence we expect the government will meet 1QFY20 primary deficit target. We think, achieving the sustained improvement on the fiscal side has remained the great challenge for the government and without controlling external snags; it is difficult to reap the benefit of stabilization measures in place.

Stock Market review 1QFY20

During the period under review, the benchmark index declined by 5.3%. The market commences its 1QFY20 on a bearish note, as the index declined by 12.4% during the 2MFY20. Host of negative catalyst weighed on the dreary performance of the index including Kashmir conflicts, a multi-decade high fiscal deficit (8.9% of GDP) for FY19 and subdued corporate earnings results.

On top of that, rising concern of economic slowdown, expectations of further hike in average inflation and stringent conditions placed in IMF Program to document the economy jiggled investors' confidence. Nevertheless, the benchmark index witnessed strong recovery in Sep'19, increased by 8.1% closing at the level of 32,078 points. The turnaround was mainly driven by an improving external account position as manifested in a stabilizing exchange rate, some abatement in local institutional selling and evolving

market expectations of an early rate cut on lower CPI reading under the new inflation calculation methodology. Corroborating the above, secondary market yields on the longer end declined by 60bp to 12.2%% of 10Y PIB during the month.

Fund performance and operational review

FYTD Return (%)	-6.91	10.90	10.68

The table below illustrates the returns an investor would have earned depending on their portfolio allocations. With the rally witnessed in the equity markets during the year, it's not surprising that the high-volatility portfolio has generated the highest return.

Future outlook

Going forward, we believe these mushrooming and negative sentiments have peaked out and the market has started to recover, as the implementation of structural and economic reforms have started to reap some fruits. In addition to this, REER closing to 92 signifying currency is likely to remain stable; we believe that interest rates are close to their peak and reversal can be expected at the end of FY20. Average CPI inflation for FY20 is likely to reach at 10-11% and thereafter to temper down to 6-7%. We believe current account deficit to remain within the range of USD 7.5-8.5bn. Lastly, with proper implementation of structural reforms and policies, an increase in construction and manufacturing activities average real GDP to set at 5% in the medium term. Acknowledgements

We would like to thank our valued unit holders for their confidence and trust in UBL Fund Managers Limited. In addition, we would like to acknowledge the Securities and Exchange Commission of Pakistan, State Bank of Pakistan, the Shariah Advisory Board and Central Depository Company Limited (Trustee) for their continued support, guidance and cooperation. 1 LEGAL STATUS AND NATURE OF BUSINESS

Al-Ameen Islamic Retirement Savings Fund ("the Fund") has been established under the Voluntary Pension System Rules, 2005 (the VPS Rules) and has been approved as a pension fund by the Securities and Exchange Commission of Pakistan (SECP) on January 29, 2010. It has been constituted under a Trust Deed, dated November 17, 2009, between UBL Fund Managers Limited as the Pension Fund Manager, a company incorporated under the Companies Ordinance, 1984 and the MCB Financial Services Limited as the Trustee. The trusteeship of the Fund was transferred to Central Depository Company Of Pakistan Limited (CDC) (the Trustee) effective from March 31, 2014 through a supplemental trust deed dated February 21, 2014. The registered office of the Pension Fund Manager is situated at 4th Floor, STSM Building, Beaumont Road, Civil Lines, Karachi.

The Fund is an unlisted open end pension scheme and offers units for public subscription on a continuous basis. The units are non-transferable except in the circumstances mentioned in the VPS Rules and can be redeemed by surrendering to the Fund. As per the offering document the Fund cannot distribute any income from the Fund whether in cash or otherwise.

The objective of the Fund is to provide a secure source of savings and regular income after retirement to the participants. The participants would contribute to the Fund during their working life and would typically withdraw from the Fund on or after retirement age. The Fund invests in a Shariah compliant diversified portfolio of securities under the Trust Deed. All the conducts and acts of the Fund are based on Shariah. The Pension Fund Manager has appointed Shariah Advisory Council to ensure that the activities of the Fund are in compliance with the principles of Shariah.

The Fund consists of three sub-funds namely, Al-Ameen Islamic Retirement Savings Fund Equity Sub-Fund ("Equity Sub-Fund"), Al-Ameen Islamic Retirement Savings Fund Debt Sub-Fund ("Debt Sub-Fund") and Al-Ameen Islamic Retirement Savings Fund Money Market Sub-Fund ("Money Market Sub-Fund") (collectively the "Sub-Funds"). The main features of the investment policy for each of the Sub-Funds are as follows:

The investment in a single company is restricted to lower of 10% of Net Asset Value (NAV) or the paid-up capital of the investee company. The investment in a single stock exchange sector is restricted to the higher of 30% of the NAV or the index weight, subject to a maximum of 35% of the NAV. The remaining assets of the Equity Sub-Fund shall be invested in any government security having less than one year time to maturity, or in a scheduled commercial bank having credit rating of 'A'.
- The Debt Sub-Fund shall invest primarily in tradable debt securities with weighted average duration of the investment portfolio of the Debt Sub-Fund not exceeding five years. At least twenty five percent (25%) of the assets in the Debt Sub-Fund shall be invested in securities issued by the Federal Government and upto twenty five (25%) of the Fund may be deposited with banks having not less than "AA +" rating. Composition of the remaining portion of the investments shall be as defined in the offering document.
- The Money Market Sub-Fund shall invest in short term debt instruments with time to maturity not exceeding six months, and in case of Shariah compliant Government securities, upto three years. The Fund can make investment in Shariah compliant securities issued by the Federal Government and the commercial banks having A+ rating. There are no restrictions placed by the VPS rules on such investments. The Fund can also make investment in securities issued by the provincial government, city government and government or a corporate entity (having credit rating of 'A' or higher) upto 10%, 5% and 5% of net assets of the Money Market Sub-Fund respectively.

The contributors have the option to suggest a minimum percentage of allocation to the above allocation schemes (subject to the minimum percentages prescribed in the offering document). Based on the minimum allocation, the Funds are allocated to the above stated Sub-Funds. - 6.1.1 This includes 0.07 million (June 30, 2019: 0.07 million) shares pledged with National Clearing Company of Pakistan Limited having a market value (in aggregate) amounting to Rs. 11.0243 million (June 30, 2019: Rs 11.87 million) for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by SECP.
- 6.1.2 The Finance Act, 2014 brought amendments in the Income Tax Ordinance, 2001 whereby the bonus shares received by a shareholder are to be treated as income and a tax at the rate of 5 percent is to be applied on value of bonus shares determined on the basis of day end price on the first day of closure of books. The tax is to be collected at source by the company declaring bonus shares which shall be considered as final discharge of tax liability on such income. The Management Company of the Fund jointly with other asset management companies and Mutual Funds Association of Pakistan, has filed a petition in Honorable Sindh High Court to declare the amendments brought in Income Tax Ordinance, 2001 with reference to tax on bonus shares for collective investment schemes as null and void and not applicable on the mutual funds based on the premise of exemptions available to mutual funds under clause 99 of Part I and clause 47B of Part IV of Second Schedule to the Income Tax Ordinance, 2001. The Honorable Sindh High Court has granted stay order till the final outcome of the case. Certain investee companies of the Fund, in pursuance of aforesaid amendment, withheld shares equivalent to 5% of bonus announcement of the Fund having fair market value of Rs.0.9637 million (June 30, 2019: Rs. 1.02million) at period end. Such shares have not been deposited by the investee companies in CDC account of income tax department. The Fund has included in its investments the withheld shares and recorded them at fair market value at the quarter end. Furthermore, the Finance Act 2018 has brought an amendment in the Income Tax. Ordinance 2001, whereby the 5% withholding tax on bonus shares has been withdrawn. Therefore, the bonus shares received during the quarter ended September 30, 2019, are not liable to withholding of Income Tax.

7 ACCRUED EXPENSES AND OTHER LIABILITIES

7.1 Provision For Sindh Workers' Welfare Fund

As disclosed in note 12.2 to the annual financial statements for the year ended June 30, 2019, the Provision for Workers' Welfare Fund (WWF) held in the books of accounts till June 30, 2015 was reversed on January 12, 2017. There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 12.2 to the annual audited financial statements for the year ended June 30, 2019.

The Management Company, based on an opinion obtained by MUFAP, believes that Mutual Funds are not liable to pay SWWF under the said law, for the reason that the Mutual Funds are not financial institutions and rather an investment vehicle. However, the Sindh Revenue Board (SRB) has not accepted the said position of MUFAP and as a result, MUFAP has taken up this matter with the Sindh Finance Ministry for resolution. Despite this, MUFAP recommended its members to make provision for SWWF on prudence basis. The Equity sub-fund, Debt sub-fund and Money Market sub-fund has recorded of provision of Rs. 13.389 million, Rs. 1.077 million and Rs. 0.728 million (30 June 2019: Rs. 13.389 million, Rs. 0.727 million and Rs. 0.353 million) respectively, in respect of SWWF.

Had the provision not been made, it would have resulted in an increase in the net assets value per unit by Rs. 5.96, Rs. 0.29 and Rs. 0.17 (30 June 2019: Rs. 5.47, Rs. 0.20 and Rs. 0.09) of Equity sub fund, Debt sub fund and Money Market sub fund, respectively.

7.2 Provision of Indirect Taxes and Duties

This includes provision for indirect duties and taxes in Equity Sub-Fund, Debt Sub-Fund and Money Market Sub-Fund amounting to Rs. 4.051 million, Rs. 1.836 million and Rs. 1.097 million (30 June 2019: Rs 4.051 million, Rs 1.836 million, Rs 1.097 million) respectively. There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 12.1 to the annual audited financial statements for the year ended June 30, 2019. As a matter of abundant caution, the Management Company has maintained full provision for FED aggregating to Rs. 6.984 million till June 30, 2016. Had the provision not been retained, the net asset value per unit of the equity sub fund, debt sub fund and money market sub fund would have been higher by Rs. 1.80 per unit, Rs. 0.49 per unit and Rs 0.26 per unit respectively.

8 ADVANCE TAX

The income of the fund is exempt under clause 99 of Part I of the Second schedule of the Income Tax Ordinance 2001 and funds are exempt under clause 47(B) of Income Tax Ordinance 2001 from withholding of tax under section 150, 151 and 233 of Income Tax Ordinance 2001. The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated 12 May 2015, made it mandatory to obtain exemption certificates under section 159(1) of the Income Tax Ordinance, 2001 from Commissioner Inland Revenue. During the quarter, various withholding agents have deducted advance tax under section 151 and 150 of the Income Tax Ordinance, 2001. The management is confident that the same shall be refunded after filling return for Tax Year 2020.

9 PAYABLE TO SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

SECP vide S.R.O. 685 (I)/2019 has revised its annual fee 0.02% per anum of average daily net assets of the Fund, applicable from July 01, 2019

16 FAIR VALUE OF FINANCIAL INSTRUMENTS

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities traded.
- Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:
