1. Introduction

- 1.1. The UBL Smart Investment Plans (hereinafter referred to as “Plan”/“Plan(s)”) are administrative plans offered by UBL Fund Managers Limited with underlying funds Al-Ameen Islamic Sovereign Fund (AISF) and Al-Ameen Shariah Stock Fund (ASSF). The features and characteristics of each plan are described below.
- 1.2. All transactions under this arrangement are governed by the Trust Deeds relating to the AISF (dated Aug 25, 2010) and ASSF (dated Sept 11, 2006) as amended from time to time vide Supplemental Trust Deed(s). Unless specifically altered by this document, all the terms and conditions of the Offering Documents of the AISF and ASSF shall apply to the respective Units of the two Funds in which investment is made under this plan.
- 1.3. Investments in the Plan(s) shall be investments in the units of the underlying Fund i.e. AISF and ASSF, which apart from the provisions of the respective Trust Deeds and Offering Documents as mentioned above, will also be governed by the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 ("NBFC Rules") and Non-Banking Finance Companies and Notified Entities Regulations, 2008 ("NBFC Regulations") as amended or substituted from time to time.

2. Plan Types

Investors can invest in the following Plans:

i) Al-Ameen Islamic Wealth Builder Plan

a) Objective

The objective of the plan is to provide investors with the potential to multiply their capital through equity exposure (via investment in the ASSF) while diversifying risk by taking exposure to income securities (via investment in AISF). The Plan offers three (3) investment strategies that investors can choose from based on their risk appetite. This Plan is ideal for investors having a medium to long term investment horizon and a moderate to high risk tolerance for fluctuations in their investment value. Investors are encouraged to make systemic investments in the plan on a periodic basis. The investors will have the option of changing their allocation scheme at any time.

Note: all changes in allocation schemes will be subject to applicable taxes.

b) Investment Strategy

i) Aggressive Allocation

Asset Class	%age Allocation
AISF	25%
ASSF	75%

ii) Moderate Allocation

Asset Class	%age Allocation
AISF	50%
ASSF	50%

iii) **Conservative Allocation***

Asset Class	%age Allocation
AISF	75%
ASSF	25%

**Incase the investor is unable to choose a specific Investment Strategy then his/her investments will be allocated as per the Conservative Allocation Strategy and this shall be adequately disclosed in the Purchase Application Form.*

ii) **Al-Ameen Islamic Equity Builder Plan**

a) Objective

The objective of the plan is to gradually build the investor's equity portfolio by primarily investing in income securities (via investments in AISF) and subsequently converting certain amounts from the fund to equity (via investments in ASSF) using systematic conversion on a periodic basis.

b) The investor may choose between the following options:

(i) **Fixed Conversion Option:** Under the fixed conversion option, the investor can opt to convert by either stating a fixed (a) "Periodic Transfer Amount" or (b) "Duration":

a) A fixed amount, as stated by the investor, will be transferred from AISF to ASSF on a daily, weekly or monthly basis or any other frequency offered by the Management Company at a later date. The periodic transfer amount as defined by the investor in the fixed conversion option shall never be less than the minimum investment requirement of ASSF at any time.

Or,

b) An amount calculated at every transfer date, will be transferred from AISF to ASSF on a daily, weekly or monthly basis or any other frequency offered by the Management Company at a later date. The transfer amount of every period is calculated by dividing the balance in AISF by the remaining number of periods in the "Duration" stated by the investor. If the calculated transfer amount for a transfer date is less than the minimum investment for ASSF, it will automatically be set at the minimum investment for ASSF.

In case the investor is unable to choose a specific duration or transfer amount, then his/her investment will be converted from AISF to ASSF, as per point (b) above with "Duration" set as thirty-six (36) months through monthly transfer frequency and this shall be adequately disclosed in the Account Opening Form. In case there is any amount left in AISF at the end of the opted duration, it will be converted to ASSF.

(ii) **Regular Profit Conversion Option:** Under the regular profit conversion option, the investor can opt to convert the profit amount of AISF equal to periodic appreciation of the NAV of the fund to ASSF on a monthly basis or any other frequency offered by the Management Company at a later date. The amount of profit conversion (if any) shall never be less than the minimum investment value of ASSF at any time. In case the profit conversion amount for the period is less than the minimum investment requirement of ASSF then the profit amount will not be transferred to ASSF
