In the event that the stock market goes up resulting in an increase in the relative weightages of the investment in USF, the surplus will be encashed (redeemed)/converted and investment in UGIF and vice versa. The Management Company may however, with the approval of the Commission and with notification to the Investors change the reallocation frequency or percentage from time to time. No allocation charges shall be recovered from the Unit Holders.
- 6.15. The Plan shall be reallocated on the last Subscription Day (i.e. between Monday to Friday) of the quarter. In the event of an earlier reallocation due to a variation of 10% in the percentage allocation, the Plan shall be reallocated on the Subscription Day on which the percentage allocation reaches or exceeds 10%.
- 6.16. The reallocation shall be at the NAV of the respective Funds; USF and UGIF, as per the constitutive documents of both funds; on the relevant Subscription Day.

The Investor may submit a redemption request for redeeming partial or all Units purchased under the UBL Children Savings Plan after 2 years subject to a balance of the minimum initial amount and subject to an exit load. - 6.19. In case of partial redemption, the Units shall be redeemed in the same proportion (weightage) of the investment applicable for purchasing the Units in the two Funds at that point in time. However, partial redemption will only be allowed subject to maintenance of a minimum investment amount in the Plan and subject to an exit load.
- 6.20. Conversion of the Units held by the Investor in the UBL Children Savings Plan into the units of other plans being offered by the Management Company is not allowed before the maturity period.
- 6.21. In the event the Management Company announces a suspension of further issue of Units of the UGIF and/or the USF, it may allow the existing Investors to continue purchasing Units under the UBL Children Savings Plan.
- 6.22. In the event of winding up of UGIF and/or USF, the UBL Children Savings Plan shall be discontinued and the Units standing to the credit of the Investor shall be dealt with the same manner the rest of the Units in the UGIF and/or the USF. However, the Management Company may make arrangements to transfer the amount into other funds offered by UBL Fund Managers or other funds offered by other Asset Management Companies as per the directions and approval of the Commission and at the discretion of the Investor.
- 6.23. The Management Company may at its discretion, with the approval of the Commission and with notification to the Investors introduce changes in the Plan, from time to time.
- 6.24. In the event any changes are introduced in the Plan after an existing Investor has made an initial investment in the Plan, the existing Investor shall not be under any obligation to comply with the changes. However, if the Investor is willing to comply with the changes,

he/she shall be welcome to opt for the changed terms and may be required to sign a form accepting the new terms. Any subsequent investments shall be in accordance with any changes so made.

Similarly, partial withdrawals will also not affect sum insured.

12.1.2. The Continuation Benefit, which is built into UCP, will ensure that all future contributions will be paid by the Insurance Company following the Investor's death until the Plan maturity date. 12.4. Premium rate is irrespective of ages and Term of individual customers and is expressed as a percentage of Sum Insured. The net monthly premium rate will be applied by UBL Funds on Sum Insured of individual customers initially at the time of commencement of plan and thereafter every month. Since Sum Insured decreases every month, the premium amount also decreases although premium rate remains constant.

Net monthly premium rate for coverage mentioned above is given below:

Insured Loss	Premium Rate
<ul style="list-style-type: none"> • Death or Permanent Total Disability (PTD) due to sickness • Death or PTD due to accident 	0.080% per month *

* This is the current premium rate and is subject to change as communicated by the Management Company from time to time.

However, the Management Company may make arrangements to transfer the amount into other funds offered by the Management Company or other funds offered by other Asset Management Companies as per the directions and approval of the Commission and at the discretion of the Investor.
