Economy and Money Market outlook 9MFY22

Recovery from COVID induced compression was jolted by the Ukraine-Russia conflict resulting in international commodity prices reaching sky high levels during 3QFY22 wherein the renewed upward momentum in commodities post Russia-Ukraine conflict pressured the country's fragile economic indicators. Pakistan's 9MFY22 inflation averaged 10.7% as compared to 8.4% during same period last year. External pressures also started to emerge amid a significant upsurge in international commodity prices and growing domestic demand during the period. Current account deficit reached USD 12.1bn during 8MFY22 as compared to a surplus of USD 994mn during SPLY. After adopting a soft stance in the Jan-22 MPC meeting with inflationary outlook and healthy growth momentum, SBP shifted its stance from stimulating growth to controlling inflation and raised the policy rate by 250bps to 12.25% in the recent MPC meeting.

As the dust settled on the domestic political front, the allied opposition has emerged in the driving seat. However, with election year in sight, the incumbent government's balancing act of putting political optics over sustainable growth would remain crucial in the near term.

FBR collected PKR 575 billion against PKR 477 billion in Feb-22, reflecting an increase of 20.5% Y/Y. However, the collection arrived below the target of PKR 604 billion. On an aggregate basis, net collections amounted to PKR 4.382 trillion during 9MFY22 (+29.1% Y/Y). Going forward, unwinding of populous measures taken in the wake of raging commodity cycle including a cut in administered fuel prices and adjustments in monthly fuel cost adjustments aimed at alleviating inflationary pressures in the backdrop of limited fiscal space amid uncertain political environment and IMF program would be challenges for the incumbent government.

The long awaited GDP rebasing finally saw light of day. This led to a 16% upward revision in FY21 nominal GDP to PKR 55.5 trillion. Further, with the rebasing effect, the revised FY21 GDP growth has inched up to 5.6% from 5.4% as per previous survey. The upward adjustment in nominal GDP is positive for debt to GDP, GDP per capita, CAD to GDP and fiscal deficit to GDP but negative for tax to GDP ratio.

On the external front, current account deficit clocked-in at 9 month low of USD 545mn in Feb-22 as compared to a deficit of USD 2,531mn during Jan-21, mainly due to a 40% decline recorded in goods trade deficit (goods import: -18%, goods export: +16%). In the absence of immediate

remedial measures, we see significant risks to Pakistan's balance of payments position as 1) higher global commodity prices and lack of adequate demand compression measures would continue to keep current account under stress and 2) in case of any disagreements with IMF, it would become very difficult to fund the current account deficit. The above is being manifested in falling reserves position and a weakening currency. We expect CAD to clock in at USD 16.5bn for FY22 (4.6% of GDP), slightly higher than SBP projection of around 4.0% for the year.

After registering 23.9% growth in 8MFY21, remittance growth has considerably pared where the country received USD 20.1bn in 8MFY22, depicting a 7.6% YoY rise. During the ongoing fiscal year, most of the growth has come from EU, USA and UK while remittance flow from Middle-East countries has largely remained flat.

Chronic underperformance by OPEC+ in meeting its output targets and rising geopolitical tensions propelled oil prices to breach the USD 130/bbl during 3QFY22. If gap between OPEC+ output and its target levels persists, upward pressure on prices will likely continue. However, if OPEC+ cuts are fully unwound, world oil output could rise by 6.3 mn bbl/day as per EIA and help bridge this demand-supply gap. In addition, 1.3 mn bbl/day of Iranian crude oil could gradually supplement supply should sanctions be lifted.

Debt Market Review for 9MFY'22

During this monetary tightening cycle, SBP raised the policy rate by 525 bps cumulatively to 12.25%. SBP attributed this monetary tightening to the pressure on both inflation and external accounts. The secondary market yields of shorter tenor reacted more sharply, 3M, 6M and 1Y yields increased by 454, 484 and 464 bps respectively during the last 9 months, however 3Y, 5Y and 10Y yields increased by 316, 253 and 194 bps respectively.

Tenors	PKRV as at 31st Mar 2022	PKRV as at 30th June 2021	Change (9MFY22)
3 Months	11.82	7.28	4.54
6 Months	12.37	7.53	4.84
1 Year	12.45	7.81	4.64
3 years	12.15	8.99	3.16
5 Years	12.02	9.49	2.53
10 Years	11.88	9.94	1.94

Market appetite for treasury bills remained strong during 9MFY22. Heavy participation amounting to PKR ~23.7 trillion was observed, out of which the government accepted ~PKR 12.1 trillion. In anticipation of further monetary tightening, a clear preference was observed in the 3M T-Bills especially in the last quarter. During 9MFY22, the market participated PKR ~10.6 trillion in 3M T-Bills which constituted 45% of the total participation followed by 6M T-Bills with the participation of PKR ~9.3 trillion (39% of the total participation). However, the market was

hesitant to participate in 1Y T-Bills which constituted only 16% of total participation. During the last quarter, market witnessed unprecedented spreads of T-Bill cut-offs over the policy rate. The highest cut-off spreads over the policy rates were 225 bps, 275 bps and 295 bps in 3M, 6M and 12M tenors respectively.

In the anticipation of aggressive monetary tightening, a significant participation was observed in floater rate PIBs, a participation of PKR 3.3 trillion took place in the floater rate PIB auctions, out of which the government accepted PKR 2.15 trillion. Out of PKR 2.15 trillion, PKR 646 billion accepted in the 2Y floater PIB, PKR 1,384 bn was accepted in the 3Y floater PIB and PKR 124 billion was accepted in 5Y floater PIB. No bids were accepted in 10Y floater PIB.

In fixed PIB auctions, the market participated PKR 3.72 trillion in the fixed rate PIBs, out of which the government proactively accepted ~PKR 1.57 trillion. Despite the heavy participation, the market demanded relatively higher yields. Therefore, yields of 3Y increased by 316 bps, yields of 5Y increased by 253 bps and 194 bps were increased in 10Y PIBs during 9MFY22.

On the Islamic front, 7 ijara sukuk's auctions were held during 9MFY22. The market remained inclined towards variable rate Ijara sukuk. Total participation was PKR 899 billion in the variable rate Ijara sukuk auction out of which the government accepted PKR 709 billion against the total target of PKR 525 billion. However, PKR 631 billion participation was witnessed in the fixed rate Ijara sukuk and the government accepted PKR 335 billion against the total target of PKR 175 billion. In the last quarter, significant preference was observed in fixed rate Ijara sukuk as it offered higher yields. The total participation in the fixed rate Ijara sukuk was almost double in the 3rd quarter as compared to the first 2 quarters combined (PKR 422 bn vs 208 bn).

Stock Market Review for 9MFY22

KSE-100 index remained flat (+0.7%) during 3QFY22 (FYTD: -5.1%) and closed at 44,929 level. Resumption of the IMF program and issuance of USD 1.0bn Eurobond provided much needed financial flows amid rising pressure on the current account consequent to surging international commodity prices. However inflationary concerns continued to anchor subsequent monetary policy expectations. With regards to Mar-22, the benchmark KSE 100 Index posted a return of 1.1% M/M. However, the market exhibited considerable volatility during the month as rising domestic political uncertainty and macroeconomic concerns dampened foreign investor sentiments while extremely attractive valuations evoked domestic investor interest.

Future Outlook

Looking ahead, the market will take direction from developments in the Russian Ukraine conflict, domestic political setup and any progress on resolution of gas sector circular debt. Global commodities cycle is another determinant of market performance at least in the short run in our view where any downside moves could bring a relief rally. With the benchmark KSE-100 index trading at a P/E of 4.8x as compared to historical PE of 8.0x, valuations already capture much of the aforesaid risks. For patient investors, potential catalysts should eventually unlock enormous value in the stock market. Also, market's current earnings yield differential with 10Y PIB yield is 8.9% (20.0% vs. 11.1%) is much higher than the average yield gap of 1.1% over the last 15 years.

- 10.1** This includes provision for Federal Excise Duty (FED) as at March 31, 2022 amounting to Rs. 6.977 million (June 30, 2021: Rs.6.977 million). There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 14.1 to the annual audited financial statements of the Fund for the year ended June 30, 2021. Had the provision not been maintained, the net assets value per unit would have been higher by Re. 1.90 (June 30, 2021: Re.1.07).
- 10.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 16.632 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at March 31, 2022 and June 30, 2021.

12 TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund based on the current period results is 2.30% (March 31, 2021: 1.65%) which includes 0.14% (March 31, 2021: 0.30%) representing Government Levy, Sindh Workers' Welfare Fund, and the SECP fee. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a asset allocation scheme.

13. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

14. EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these condensed interim financial statements as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

15. TRANSACTIONS AND BALANCES WITH CONNECTED PERSONS / RELATED PARTIES

16. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at the reporting date, the Fund held the following financial instruments measured at fair value:

	Fair Value

- 10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 0.051 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at March 31, 2022 and June 30, 2021.

12 TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund based on the current period results is 1.19% (March 31, 2021: 1.4%) which includes 0.09% (March 31, 2021: 0.19%) representing Government Levy, Sindh Workers' Welfare Fund, and the SECP fee. This ratio is within the maximum limit of 1.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a exchange traded fund.

13 TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2021 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

14 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these condensed interim financial statements as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

15 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

15.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at the reporting date, the Fund held the following financial instruments measured at fair value:

Carrying Amount			Fair value		
----- As at March 31, 2022 -----			----- As at March 31, 2022 -----

- 11.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e.starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 5.78 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

12. CONTINGENCIES AND COMMITMENTS

14. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

15. EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in this condensed interim financial information as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

16. TOTAL EXPENSE RATIO

The annualised total expense ratio of the Fund for the period ended March 31, 2022 is 0.31% (March 31, 2021: 0.42%) which includes 0.03% (March 31, 2021: 0.17%) representing Government Levy, Sindh Workers' Welfare Fund, and the SECP fee. This ratio is within the maximum limit of 2% of average net assets prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market scheme.

17. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

17. Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

'Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

'Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at reporting date, the Fund does not hold any financial instruments which are measured at fair value. The estimated fair value of all financial assets and liabilities at amortised cost is considered not significantly different from the carrying value as the items are short-term in nature.

IFRS 13, 'Fair Value Measurements' requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (level 2)
- Unobservable inputs for the asset or liability (level 3).

As at reporting date, the Fund does not hold any financial instruments which are measured at fair value. The estimated fair value of all financial assets and liabilities at amortised cost is considered not significantly different from the carrying value as the items are short-term in nature.

- 12.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

'During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 0.242 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

13. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at March 31, 2022 and June 30, 2021.

14. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

16. FAIR VALUE MEASUREMENT

16.1 IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

The following table shows financial instruments recognised at fair value, analysed between those whose fair value is based on:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at the reporting date, the Fund held the following financial instruments measured at fair value:

	Fair value			
	Level 1	Level 2	Level 3	Total
<u>March 31, 2022 (Un-audited)</u>	(Rupees in '000)

16.2 The Fund has not disclosed the fair values for other financial assets and financial liabilities, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

16.3 There were no transfers between various levels of fair value hierarchy during the period.

Payable against purchase of investments		<u>23,025</u>	<u>17,234</u>
		<u>25,052</u>	<u>22,819</u>

- 10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs.2.161 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

16 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

16.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below provides information on financial assets or liabilities carried at fair values, by valuation methods.

	Carrying Amount			Fair value		
	As at March 31, 2022			As at March 31, 2022		
	Fair value through profit or loss	Fair value through other comprehensive income	Amortised cost	Level 1	Level 2	Level 3

10.2 This includes provision for Federal Excise Duty (FED) as at March 31, 2022 amounting to Rs. 24.359 million (June 30, 2021: Rs. 24.359 million). There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 14.1 to the annual audited financial statements of the Fund for the year ended June 30, 2021. Had the provision not been maintained, the net assets value per unit would have been higher by Re. 1.36 (June 30, 2021: Re. 1.15).

10.3 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 19.112 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

11. CONTINGENCIES

Collective Investment Schemes (CIS) are exempt from income tax if they distribute at least 90% of their accounting income as per clause 99 of Part 1 of the Second Schedule of the Income Tax Ordinance, 2001 (Ordinance).

During the year ended June 30, 2021, Additional Commissioner Inland Revenue (ACIR) passed an order for TY 2018 dated August 31, 2020 claiming that CIS failed to distribute 90% of its accounting income as per clause 99 of Part 1 of the Second Schedule of the Ordinance on the ground that income distributed on units redeemed by investors during the tax year cannot be treated as distribution of income and raised a demand of Rs.43.65 million.

Aggrieved from the Order of ACIR, the CIS filed an appeal with Commissioner Appeals who via order dated December 08, 2020 upheld Assessment Order passed by CIR. The CIS in addition to filing an appeal in the Appellate Tribunal, which is pending adjudication, also filed a petition in Honorable High Court of Sindh (SHC) to grant stay against any recovery proceeding that may be initiated by the department along with non-deduction of Withholding tax by withholding agents under relevant sections of the Ordinance. The Honorable SHC granted stay on pending recovery and withholding of Tax via order dated December 12, 2020 and January 22, 2021 respectively. During the period, Appellate Tribunal Inland Revenue (ATIR), through Order dated August 31, 2021 disposed of the case and remanded back the matter to the tax department with the directions to decide the matter afresh. In light of the order of ATIR, ACIR re-initiated the case by issuing a notice dated October 06, 2021 to show cause against the ineligibility for exemption under the provisions of the Ordinance. Tax counsel on behalf of the Fund responded to the show cause notice on October 28, 2021.

Subsequently, AICR issued order to Amended assessment u/s 122 (5A) read with section 132 dated March 2, 2022 declaring the exemption claimed under the ordinance as inadmissible and demand income tax amounting to Rs. 36.162 million. Aggrieved from the order of AICR, the CIS filed an appeal with the concerned commissioner (appeal) And has obtained stay against the recovery of demand raised in respect of tax year 2018. Considering all above developments and opinion of the Tax Advisor Management is confident that the matter will be resolved in the favor of the CIS. Hence, no provision for taxation is made in these condensed interim financial statements.

Further during the period, ACIR passed an Order for TY 2017 dated December 01, 2021 claiming that CIS failed to distribute 90% of its accounting income as per clause 99 of Part 1 of the Second Schedule of the Ordinance on the ground that income distributed on units redeemed by investors during the tax year cannot be treated as distribution of income and raised a demand of Rs.70.75 million.

Aggrieved from the Order of ACIR, the Fund filed an appeal with Commissioner Appeals (CIR-A) on December 27, 2021 to grant stay on the said demand. The CIR-A granted stay against the recovery to the Fund Subsequently on March 31, 2022 CIR-A has decided the matter in favour of CIS.

Commitments

12. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

16. FAIR VALUE MEASUREMENT

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value.

The following table shows financial instruments recognised at fair value, analysed between those whose fair value is based on:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at March 31, 2022 and June 30, 2021, the Fund held the following instruments measured at fair values:

	Fair value

- Government securities - Pakistan Investment Bonds	-	374,719	-	374,719
	811,722	495,784	-	1,307,506

During the period ended March 31, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfer into and out of level 3 fair value measurements.

The Fund has not disclosed the fair values of other financial assets and financial liabilities, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are a reasonable approximation of their fair values.

16.1 Valuation techniques used in determination of fair values within level 2

16.1.1 Fair values of Pakistan Investment Bonds and Market Treasury Bills are derived using PKRV and PKFRV rates as announced by Mutual Funds Association of Pakistan (MUFAP).

16.1.2 Investments in term finance and sukuk certificates issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital, are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan.

10.1 This includes provision for Federal Excise Duty (FED) as at September 30, 2021 amounting to Rs. 52.558 million (June 30, 2021: Rs.52.558 million). There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 10 to the annual audited financial statements of the Fund for the year ended June 30, 2021. Had the provision not been maintained, the net assets value per unit would have been higher by Re. 3.68 (June 30, 2021: Re.2.511).

10.2 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs.0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 31.057 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

11. CONTINGENCIES

Collective Investment Schemes (CIS) are required to withhold tax being a withholding tax agent as it is a prescribed person under sub section 7 of section 153 of Income Tax Ordinance 2001 (Ordinance) and is required to deduct and deposit withholding tax on payments made by the CIS under the various tax provisions of the ordinance

During the year ended June 30, 2019, Deputy Commissioner Inland Revenue (DCIR) issued a show cause notice for tax year 2016 dated November 14, 2018 claiming that CIS failed to deduct and deposit withholding tax on payments made by the CIS. Tax counsel on behalf of the CIS responded to show cause notice along with reconciliation and supporting evidence/records on November 23, 2018; however, after change of jurisdiction, the Assessing Officer (AO) without looking into the details already available on the record, passed an ex-parte Order under section 161, 205 & 182 of the Ordinance dated November 29, 2019 whereby an arbitrary demand of Rs.83.413 million including default surcharge of Rs.8.204 million and Penalty of Rs.6.837 million was created against the Fund.

Aggrieved from the order of AO the CIS filed an appeal before the Learned Commissioner Inland Revenue (Appeals-III) (CIR(A)), Karachi on both legal & factual grounds dated December 30, 2019. The said appeal was listed for hearing on January 07, 2021. The Learned CIR(A) vide Appellate Order dated January 15, 2021 annulled the Monitoring Order and remanded the matter to the AO with the direction to pass speaking and judicious order after providing sufficient opportunity of being heard.

In pursuance thereof, appeal effect monitoring proceedings under section 124 & 129 read with sections 161, 205 and 182 of the Ordinance were initiated by the DCIR, which was duly complied with and provided reconciliation along with all supporting documents and records.

The DCIR passed Appeal Effect Monitoring Order under section 124 & 129 read with Sections 161, 205 and 182 of the Ordinance dated December 31, 2021 whereby a default of Tax under section 161 amounting to Rs.4.03 million at rate of 25% under section 150 of the Ordinance along with Default Surcharge of Rs.2.418 million under section 205 and Penalty of Rs.0.403 million under section 182 was created on the alleged ground that no appropriate explanation or documentary evidence (i.e. exemption certificates) in respect of identified parties (as reproduced in the impugned Appeal Effect Order) was furnished by the Fund.

The said Appeal Effect Order was further challenged in appeal before the Learned Commissioner Inland Revenue (Appeals-III), Karachi on both legal and factual grounds. The main appeal was heard on January 14, 2022; however, no appellate order has been issued / received till date.

During the period, Deputy Commissioner Inland Revenue (DCIR) issued a show-cause notice for the tax years 2017 and 2018 dated December 20, 2021, claiming that CIS failed to deduct and deposit withholding tax on payments made by the CIS. On March 30, 2022, DCIR issued orders, based on the reply submitted by our tax advisor, demanding tax amounting to Rs 151,553 and Rs 527,227 for the tax years 2017 and 2018 respectively. DCIR's orders were based on factual inaccuracies; therefore, the CIS filed appeals for tax year 2017 and 2018 with Commissioner (Appeals) against the said orders. As a matter of abundant caution and on the advice of our tax advisor legal counsel, payment against the said orders was made; however, no provision is made in these condensed interim financial statements as the Management Company is confident that the outcome of the appeals will be in favor of the CIS.

11.2 Commitments

There were no commitments as at March 31, 2022 (June 30, 2021: Nil).

12. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

16. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value.

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyse financial instruments measured at the end of the period by the level in the fair value hierarchy into which the fair value measurement is categorised:

	Fair value			
	Level 1	Level 2	Level 3	Total
	----- (Rupees in '000) -----			
<u>March 31, 2022 (Un-audited)</u>				
Financial assets measured at fair value				
Government securities - Market Treasury Bills	-	-	-	-
Government Securities - Pakistan Investment bonds	-	239,785	-	239,785
	-	239,785	-	239,785
<u>June 30, 2021 (Audited)</u>				
Financial assets measured at fair value				
Government securities - Market Treasury Bills	-	-	-	-
Government Securities - Pakistan Investment bonds	-	1,876,992	-	1,876,992
	-	1,876,992	-	1,876,992

During the period ended March 31, 2022, there were no transfers between level 1 and level 2 fair value measurements, and no transfer into and out of level 3 fair value measurements.

The Fund has not disclosed the fair values of other financial assets and financial liabilities, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are a reasonable approximation of their fair values.

		<u>6,693</u>	<u>42,408</u>

10.1 This includes provision for Federal Excise Duty (FED) as at March 31, 2022 amounting to Rs. 1.597 million (June 30, 2021: Rs. 1.597 million). There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 14.1 to the annual audited financial statements of the Fund for the year ended June 30, 2021. Had the provision not been maintained, the net assets value per unit would have been higher by Re. 0.06 (June 30, 2021: Re. 0.80).

10.2 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 6.724 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

11. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at March 31, 2022 and June 30,

12 TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund based on the current period results is 1.21% (March 31, 2021: 1.92%) which includes 0.13% (March 31, 2021: 0.31%) representing Government Levy, Sindh Workers' Welfare Fund, and the SECP fee. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a income scheme.

13. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

14. EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these condensed interim financial statements as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

16. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

16.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at the reporting date, the Fund held the following financial instruments measured at fair value:

- 11.1** There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 14.1 to the annual audited financial statements of the Fund for the year ended June 30, 2021. Had the provision not been maintained, the net assets value per unit would have been higher by Re. 0.1676 (June 30, 2021: Re. 0.1835).

- 11.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 82.911 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

12. CONTINGENCIES AND COMMITMENTS

14. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

15. EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in this condensed interim financial information as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

16. TOTAL EXPENSE RATIO

The annualised total expense ratio of the Fund for the period ended March 31, 2022 is 0.42% (March 31, 2021: 0.60%) which includes 0.05% (March 31, 2021: 0.19%) representing Government Levy, Sindh Workers' Welfare Fund, and the SECP fee. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market fund.

17. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

17.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at reporting date, the Fund does not hold any financial instruments which are measured at fair value. The estimated fair value of all financial assets and liabilities at amortised cost is considered not significantly different from the carrying value as the items are short-term in nature.

- 10.1 This includes provision for Federal Excise Duty (FED) as at March 31, 2022 amounting to Rs. 9.499 million (June 30, 2021: Rs. 9.499 million). There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 12.1 to the annual audited financial statements of the Fund for the year ended June 30, 2021. Had the provision not been maintained, the net assets value per unit would have been higher by Re. 0.33 (June 30, 2021: Re. 0.29).
- 10.2 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

'During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 19.634 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

11. CONTINGENCIES

During the last period, UBL Money Market Fund (UMMF) has received a notice of tax demand for the tax year 2018 from the Additional Commissioner (Inland) Revenue (ACIR), whereby the ACIR has raised objection on claiming of "income already paid on units redeemed" as part of distribution and has thereby challenged the distribution of 90 percent of income and the Fund's eligibility for exemption from tax. The ACIR is of the view that the amount of "Cash Dividend" paid can only be treated as part of distribution and according to his view the amount of "income already paid on units redeemed" is not a "Cash Dividend". The ACIR has raised a tax demand of Rs 16.410 million on the Fund in respect of the tax year 2018. The Management Company has filed an appeal with the Commissioner (Inland) Revenue Appeals against the demand raised by ACIR and has also obtained a stay order against the demand from the Honorable High Court of Sindh till the time the decision on appeal is issued. During the period, the CIR-A order to annul the impugned order for Tax Year 2018 with the directions that the assessing officer may re-examine or re-consider the facts of the case with specific focus on the mode of distribution on redemption of units, whether the same was made in cash or otherwise.

11.2 Commitments

There were no commitments as at March 31, 2022 (June 30, 2021: Nil).

12. TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund based on the current period results is 1.42% (March 31, 2021: 1.08%) which includes 0.09% (March 31, 2021: 0.20%) representing Government Levy, Sindh Workers' Welfare Fund, and the SECP fee. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market scheme.

13. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

14. EARNINGS PER UNIT

16. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

16.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The Fund does not hold any financial assets or liabilities carried at fair value as at March 31, 2022.

17. GENERAL

Figures have been rounded off to the nearest thousand of rupees unless otherwise stated.

18. DATE OF AUTHORISATION FOR ISSUE

The tax is to be collected at source by the company declaring bonus shares which shall be considered as final discharge of tax liability on such income. The Management Company of the Fund jointly with other asset management companies and Mutual Funds Association of Pakistan, has filed a petition in Honourable Sindh High Court to declare the amendments brought in Income Tax Ordinance, 2001 with reference to tax on bonus shares for collective investment schemes as null and void and not applicable on the mutual funds based on the premise of exemptions available to mutual funds under clause 99 of Part I and clause 47B of Part IV of Second Schedule to the Income Tax Ordinance, 2001. The honourable Sindh High Court has granted stay order till the final outcome of the case. Certain investee companies of the Fund, in pursuance of aforesaid amendment, withheld shares equivalent to 5% of bonus announcement of the Fund having fair market value of Rs. 10 million (June 30, 2021: Rs. 15.9384 million) at period end. Such shares have not been deposited by the investee companies in CDC account of income tax department. The Fund has included in its investments the withheld shares and recorded them at fair market value at period end. Through Finance Act, 2018, the tax on bonus shares is withdrawn.

6. ADVANCE TAX

The Fund is exempt under clause 47(B) of Part IV of Second Schedule of the Income Tax Ordinance, 2001 (the ITO, 2001) from withholding of tax under sections 150, 151 and 233 of the ITO, 2001. The Federal Board of Revenue (FBR), through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159(1) of the ITO, 2001 from Commissioner Inland Revenue (CIR). During the current period and previous period, prior to receiving tax exemption certificate(s) from CIR, withholding agent had deducted advance tax under section 150 and 151 of the ITO, 2001. The Management Company is confident that the amount will be refunded to the Fund.

10. ACCRUED EXPENSES AND OTHER LIABILITIES	Note

Provision for Sindh Workers' Welfare Fund	10.2	-	89,641
Other payables		4,746	10,056
		55,311	161,287

10.1 This includes provision for Federal Excise Duty (FED) as at March 31, 2022 amounting to Rs. 45.195 million (June 30, 2021: Rs. 45.195 million). There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 14.1 to the annual audited financial statements of the Fund for the year ended June 30, 2021. Had the provision not been maintained, the net assets value per unit would have been higher by Re. 0.51 (June 30, 2021: Re. 0.44).

10.2 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

'During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 89.641 million, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

11. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at March 31, 2022 and June 30, 2021.

12. TAXATION

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of Fund's net accounting income for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

13. EARNING PER UNIT

Earnings per unit (EPU) has not been disclosed in these condensed interim financial statements as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

14. TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund based on the current period results is 3.47% (March, 2021: 4.03%) which includes 0.31% (March, 2021: 0.67%) representing Government Levy, Sindh Workers' Welfare Fund, and the SECP fee. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a equity scheme.

15. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at the reporting date, the Fund held the following financial instruments measured at fair value:

17. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market prices used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13, 'Fair Value Measurements' requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (level 2).
- Unobservable inputs for the asset or liability (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

- 10.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were passthrough investment vehicles and did not employ workers. The MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments and based on the legal opinion obtained by MUFAP, regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

During the period, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Fund amounting to Rs. 2.066 million, Rs.3.87 million, Rs.0.866 million, Rs.0.950 million, Rs. 15.517 million and Rs.0.718 million of USSP-I, USSP-II, USSP-III, USSP-IV, USSP-V, USSP-VI for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund.

Further, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. 17. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

17.1 FAIR VALUE HIERARCHY

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.
