Directors' Report

The Board of Directors of UBL Fund Managers Limited is pleased to present the annual report of its UBL Liquidity Plus Fund (ULPF), UBL Cash Fund (UCF), UBL Liquidity Fund (ULF), UBL Money Market Fund (UMMF), UBL Government Securities Fund (UGSF), UBL Income Opportunity Fund (UIOF), UBL Growth and Income Fund (UGIF), UBL Stock Advantage Fund (USF), UBL Asset Al location Fund (UAAF), UBL Financial Sector Fund (UFSF), UBL Pakistan Enterprise Exchange Traded Fund (UBLP-ETF),UBL Special Savings Fund II (USSF II) [comprising UBL Special Savings Plan X (USSP-X)], UBL Fixed Return Fund – II (UFRF-II) [comprising UBL Fixed Return Plan-II-M (UFRP-II-M) and UBL Fixed Return Plan-II-AB (UFRP-II-AB)], UBL Fixed Return Fund – III (UFRF-III) [Comprising UBL Fixed Return Plan-III-Y (UFRP-III-Y) and UBL Fixed Return Plan-III-Z (UFRP-III-Z)], for the quarter ended Sep 30, 2026.

Economic & Stock Market Review

The country continued to reel from the impacts of the tensions in the middle east in the first quarter of FY27. The tensions which resumed in the early part of Jul'26 after short period of cease fire, refused to subside for the remainder of the quarter. The benchmark KSE100 index as result, corrected by 5.7% QoQ to close at 169,969 points and average trading volumes declined by 12.0% QoQ to 306mn, the lowest since 4QFY25 (253mn shares). Barring the only major positive contribution which came from the refinery sector that rallied on the back of the signing much awaited brownfield refinery policy, all other major sectors contributed negatively to the index. On the local portfolio investment side, mutual funds and banks were the major sellers whereas, individuals and companies were on the buying side.

On the macro-economic front, Consumer Price Index (Inflation) averaged at 10.2% YoY in 1QFY27, marking the second consecutive double digit quarterly average inflation (11.2% in 4QFY26). The increase is primarily attributed to utilities and transport groups due to the increase in electricity and petroleum products' prices, in the wake of higher oil and commodity prices. Food inflation also inched up to 10.3% YoY in 1QFY27 as opposed to 8.7% in the preceding quarter. The increase in food group prices is majorly driven by the sharp increase in wheat price, which faces a potential risk of shortage this season. As a result, average wheat price surged by ~17% QoQ to PKR 4,894/maund. On the fiscal side, the Federal Board of Revenue managed to collect PKR 3.08trn in the first quarter of FY27, thereby marginally exceeding the quarterly target by PKR 30bn, translating into a year-over-year growth of ~6.7%.

On the external side, the external account has remained largely contained during the first two months of FY27, with the current account deficit declining by 36.3% YoY to USD 543mn, despite an 18.8% YoY increase in the trade deficit to USD 6.2bn. The improvement has been supported by stronger foreign workers' remittances, which grew by 14.7% YoY to USD 7.3bn during 2MFY27. The import bill witnessed a broad-based increase and went up by 11.3% YoY in 2MFY27 on the back of higher commodity prices and other import charges (freight, premiums etc.).

Pakistan also witnessed credit rating upgrades during the quarter. Moody's, in Aug'26, upgraded Pakistan's sovereign credit rating to B3 from Caa1 and maintained a stable outlook, citing expectations of improvements in governance and easing external and fiscal vulnerabilities. This follows the rating upgrade

to 'B' from 'B-', by the S&P Global in Jul'26. As a result, the government was able to raise USD 3bn through a dual-tranche Eurobond in Sep'26. The transaction attracted nearly double the amount raised, reflecting strong investors' confidence.

Foreign exchange reserves held by the SBP inched up by ~USD 3.0bn to USD 21.4bn, following the receipt of the Eurobond tranche, thereby reaching to its highest level in the reported history. Furthermore, the Kingdom of Saudi Arabia (KSA) rolled-over USD 5bn deposits held with Pakistan for three years, moving away from its practice of annual roll-overs. This development reduces Pakistan's external debt repayments significantly and helps in mitigating roll-over risk.

Debt Market Review

During the first quarter of FY27, the debt market remained volatile due to changing monetary policy expectations and geopolitical developments. The State Bank of Pakistan (SBP) maintained the policy rate throughout the quarter. However, rising geopolitical tensions and inflationary concerns affected market sentiment and increased expectations of a possible tightening in monetary policy. As a result, yields remained under upward pressure, with market uncertainty likely to continue until geopolitical conditions stabilize.

Investor participation in Treasury Bill (T-Bill) auctions remained strong during the quarter, with total bids amounting to PKR 16.717 trillion (realized value). Against this, the government raised PKR 5.715 trillion, including non-competitive bids.

Investor demand was mainly concentrated in the 1-month tenor, which accounted for 40% of total bids. The 3-month, 6-month, and 12-month tenors accounted for 23%, 14%, and 23%, respectively.

Of the total amount raised, PKR 685 billion was accepted through 1-month T-Bills, PKR 2.2 trillion through 3-month T-Bills, PKR 1.2 trillion through 6-month T-Bills, and PKR 1.6 trillion through 12-month T-Bills.

Participation in fixed-rate Pakistan Investment Bonds (PIBs) remained steady during the quarter, with total bids amounting to PKR 3.415 trillion (realized value). However, investors demanded relatively higher yields amid geopolitical uncertainty and concerns over the future direction of interest rates.

The government raised PKR 1.1 trillion (realized value), including non-competitive bids, against its target of PKR 1.0 trillion.

Of the total amount raised, PKR 55 billion was accepted through 2-year zero-coupon PIBs, PKR 323 billion through 3-year PIBs, PKR 381 billion through 5-year PIBs, PKR 299 billion through 10-year PIBs, and PKR 69 billion through 15-year zero-coupon PIBs.

Floating-rate PIB auctions were discontinued during the quarter, and no auctions were conducted during the period.

Investor demand for fixed-rate Ijara Sukuk remained strong during the quarter, with total bids amounting to PKR 2.4 trillion. The government raised PKR 882 billion against its target of PKR 1.075 trillion.

Of the total amount raised, PKR 550 billion was accepted through shorter-tenor Ijara Sukuk of 3 months, 6 months, and 12 months, while PKR 332 billion was raised through Sukuk with tenors ranging from 3 to 10 years.

During the quarter, the Ministry of Finance (MoF) introduced 3-month and 6-month Ijara Sukuk, providing additional short-term investment options for Islamic financial institutions. The introduction of these instruments also helped in developing the short-term Islamic yield curve.

Investor participation in Variable rate Ijara Sukuk remained strong during the quarter, with auctions limited to the 10-year Variable Rental Rate (VRR) Sukuk.

Total bids amounted to PKR 3.3 trillion, of which the government accepted PKR 519 billion against its target of PKR 525 billion.

Board Oversight of Environmental, Social and Governance (ESG) Matters

The Board remains committed to ensuring sustainable business practices and long-term value creation for all stakeholders. Sustainability considerations are integrated into the Company's governance, strategy, and risk management framework. The Board oversees sustainability-related risks, including environmental, social, and governance factors, which may impact the Company's operations and performance. These risks are regularly identified, assessed, and monitored, and are managed through a robust system of internal controls, compliance mechanisms, and ongoing oversight to ensure effective mitigation and alignment with applicable regulatory requirements and evolving best practices.

The Company is also committed to promoting diversity, equity, and inclusion across all levels of the organization. The Board comprises individuals with diverse experience and expertise, including appropriate gender representation, which enhances governance and decision-making. The Company continues to foster an inclusive workplace through equal opportunity, fair treatment, and transparent human resource practices. The Board remains focused on continuously strengthening sustainability initiatives and DE&I measures in line with regulatory expectations and emerging standards.

Future Outlook

Looking ahead, the war in the middle east and its longevity will play a crucial role in the direction of the broader economy in the short-to-medium term. The forward-looking trajectory of inflation and interest rate remains highly susceptible to persistence of higher oil prices and its ripple effect on the economy. Owing to the ongoing crises, IMF has revised Pakistan's inflation forecast upwards to 9.9% in FY27 from its earlier projection of 8.4%. As a result, the forthcoming meeting of the monetary policy committee of SBP scheduled on October 26th, 2026 will be a key catalyst for the stock market and the broader economy as the treasury market signals currently indicate expectations of potential a interest rate increase of ~50-100bps which appears to have been largely priced in by the stock market participants as the index is currently trading at a forward PE multiple of 7.0-7.5x.

UBL LIQUIDITY FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD Ended September 30, 2026

1. LEGAL STATUS AND NATURE OF BUSINESS

UBL Liquidity Fund (the "Fund") has been established under a Trust Deed executed, under the Trust Act, 2020, between UBL Fund Managers Limited (the Management Company - a subsidiary company of United Bank Limited), as the Management Company, and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on December 30, 2024 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on August 21, 2025 in accordance with the requirements of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (NBFC Regulations). The Fund commenced its operations from September 05, 2025.

The Management Company of the Fund is registered with the SECP as a Non-Banking Finance Company under the NBFC Rules. The registered office of the Management Company is situated at 4th Floor, STSM Building, Beaumont Road, Civil Lines, Karachi.

The Fund is an open-ended mutual fund categorised as a money market scheme. Units are offered for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering them to the Fund at the option of the unit holder.

The investment objective of the Fund is to provide competitive returns from a portfolio of low risk investments while maintaining high liquidity.

The title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

VIS Credit Rating Company Limited has reaffirmed management quality rating of "AM1" (stable outlook) to the Management Company and assigned a stability rating of “AA+(f)” to the Fund.

As per the offering document approved by the SECP, the accounting period, in case of first such period, shall commence from the date on which the trust property is first paid or transferred to the Trustee. Accordingly these condensed interim financial statements have been prepared from July 01, 2026 to Sep 30, 2026

2. BASIS OF PREPARATION

2.1 Statement of compliance

2.1.1 These interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017 along with Part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules) and Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations differ from the requirements of IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, and the NBFC Regulations have been followed.

2.1.2 The SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of International Financial Reporting Standard (IFRS) 9 ‘Financial Instruments’ in relation to debt securities for mutual funds. Accordingly, Asset Management Companies are required to continue to follow the requirements of Circular 33 of 2012 for impairment of debt securities.

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 October 2019

- Amendment to IFRS 3 ‘Business Combinations’ – Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual periods beginning on or after 01 January 2020). The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past financial statements.

Amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors (effective for annual periods beginning on or after 01 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose financial statements in accordance with IFRS Standards.

On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately contains changes that will set a new direction for IFRS in the future. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process – this means that the overall impact on standard setting may take some time to crystalize. The companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, entities should review those policies and apply the new guidance retrospectively as of 01 January 2020, unless the new guidance contains specific scope outs.

Annual Improvements to IFRS Standards 2015–2017 Cycle - the improvements address amendments to following accounting and reporting standards:

IFRS 3 Business Combinations and IFRS 11 Joint Arrangement - the amendment aims to clarify the accounting treatment when a company increases its interest in a joint operation that meets the definition of a business. A company remeasured its previously held interest in a joint operation when it obtains control of the business. A company does not remeasured its previously held interest in a joint operation when it obtains joint control of the business.

IAS 23 Borrowing Costs - the amendment clarifies that a company treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.

The above amendments are effective from annual periods beginning on or after 01 October 2019 and are not likely to have an impact on the Fund's financial statements.

2.2 Basis of measurement

These Condensed Interim financial statements have been prepared under the historical cost convention, except that certain financial assets are measured at fair value.

2.3 Functional and presentation currency

These Condensed Interim financial statements items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the functional and presentation currency of the Fund. All amounts have been rounded off to the nearest of thousand rupees, unless otherwise indicated.

2.4 Critical accounting estimates and judgements

These Condensed Interim financial statements in conformity with the accounting and reporting standards, as applicable in Pakistan, requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Information about the judgments made by management in the application of the accounting policies, that have the most significant effect on the amount recognised in these financial statements, are given below:

(i) Classification and measurement of financial assets (notes 4.2.1, 4.2.2, 6 and 7);
(ii) Impairment of financial assets (note 4.2.3); and
(iii) Provision for taxation (notes 4.6 and 19).

3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS TO THE PUBLISHED ACCOUNTING STANDARDS

3.1 Amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on September 05, 2025. However, these are not considered to be relevant or did not have any material effect on the Fund's financial statements and have, therefore, not been disclosed in these financial statements.

3.2 New approved accounting standards, amendments and IFRS interpretations that are not yet effective

There are certain new standards and amendments to the published accounting and reporting standards that are mandatory for the Fund's accounting period beginning on or after July 1, 2026. These standards, interpretations and amendments are either not relevant to the Fund's operations or are not expected to have a significant effect on the Fund's financial statements except for:

	Effective from accounting period beginning on or after
- Amendments to IFRS 3 'Business Combinations' - Reference to the conceptual framework	January 01, 2022

	Effective from Accounting period beginning on or after
- Amendments to IAS 16 'Property, Plant and Equipment' - Proceeds before intended use	January 01, 2022

	Effective from accounting period beginning on or after
- Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts — cost of fulfilling a contract	January 01, 2022
- Annual Improvements to IFRS Standards 2018-2020 Cycle (related to IFRS 9, IFRS 16 and IAS 41)	January 01, 2022
- Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current	January 01, 2023
- Amendments to IAS 1 'Presentation of Financial Statements' - Disclosure of accounting policies	January 01, 2023
- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of accounting estimates	January 01, 2023
- Amendments to 'IAS 12 Income Taxes' - deferred tax related to assets and liabilities arising from a single transaction	January 01, 2023
- Amendments to IFRS 10 and 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred indefinitely

Other than the aforesaid amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the SECP:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards; and
- IFRS 17 – Insurance Contracts.

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 1, 2027, by IASB and SECP. IFRS 18 shall impact the presentation of "Income Statement" with certain additional disclosures in the financial statements.

- Amendments to IFRS 9 ‘Financial Instruments’ which clarifies the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers with effective date of January 1, 2026. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

17. TAXATION

The Fund's income is exempt from Income Tax as per clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of the accounting income for the year as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed amongst the unit holders. Further, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than ninety percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Since the Management Company intends to distribute at least 90% of the Fund's accounting income for the year ended June 30, 2027 as reduced by capital gains (whether realised or unrealised) to it's unit holders, therefore no provision for taxation has been recognised in these condensed interim financial statement

18. EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these financial statements as in the opinion of management, determination of the cumulative weighted average number of outstanding units for calculating EPU is not practicable.

19. TOTAL EXPENSE RATIO

The total expense ratio of the Fund is 0.67% (September 30, 2026 : 0.55%)which includes 0.23% (September 30, 2025 : 0.06%) representing Government Levy, SECP fee, and the sales tax. Pursuant to the amendments in the NBFC Regulations, 2008 by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the requirements related to maximum Total Expense Ratio limits have been removed as applicable to Collective Investment Schemes, effective from July 01, 2025.

20. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date. Consequently, differences can arise between carrying value and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);

- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e, as prices) or indirectly (i.e, derived from prices) (level 2); and

- Fair value measurements using inputs for assets or liabilities that are not based on observable market data (i.e, unobservable inputs) (level 3).

The estimated fair value of all other financial assets and liabilities at amortised cost is considered not significantly different from the carrying value as the items are short-term in nature.

As at September 30, 2026, the Fund does not hold any financial assets measured at fair value through profit or loss.
